

The Simple Sovereign

One clean silhouette and a small crown. The perfect first pumpkin.

1. Print at full size, trim along the dashed line, tape to the pumpkin and trace every edge with a pushpin.
2. Cut out the whole cat and crown in one piece. Go slowly around the ears and the tail curl.
3. The white whiskers, leg lines and crown jewel are too thin to survive as skin. Cut straight through them; the shape reads perfectly without them.
