

The Crowned Queen

A full Bengal face beneath a jeweled crown, rosettes and all.

1. Print at full size, trim along the dashed line, tape to a large pumpkin and trace every edge with a pushpin.
2. Carve from the center out: eyes and nose first, then the rosettes, then the crown and the outer lines.
3. For the thinnest lines, shave the skin instead of cutting through, so the pieces between them stay strong.
