

Bengal on the Bough

Cut the night around her, then shave the gray rosettes into the skin so they glow softly.

1. Print at full size, trim along the dashed line, tape to the pumpkin and trace every edge with a pushpin.
2. Shave the gray rosettes first: scrape away only the orange skin with a peeler or loop tool, about an eighth of an inch deep.
3. Cut the eye, then cut the black night in small sections. The branch holds the cat in place, so keep it whole.
